ACCELERATE YOUR BUSINESS WITH BLUESTAR.

Discover TEConnect, an exclusive BlueStar program designed to help Independent Software Vendors (ISVs) grow their business. If you develop software solutions within the Mobility market, including transport and logistics, field service or bluelight services, TEConnect links you with top manufacturers, system integrators, and resellers, providing unique networking opportunities to foster meaningful partnerships.

MOBILITY SOLUTIONS

BlueStar is at the forefront of delivering cutting-edge solutions that ensure efficient data capture and connectivity. From rugged mobile computers enabling WWAN connectivity, signature capture, scanning, GPS, RFID and photo capturing, to portable printers for on-the-go receipt and invoice printing, and wireless routers providing reliable connectivity, BlueStar's hardware lineup ensures mobile workers have the tools they need. No matter your company is servicing transport and logistics, field services or Blue Light needs, our technology will ensure streamline operations and improved productivity.

15%

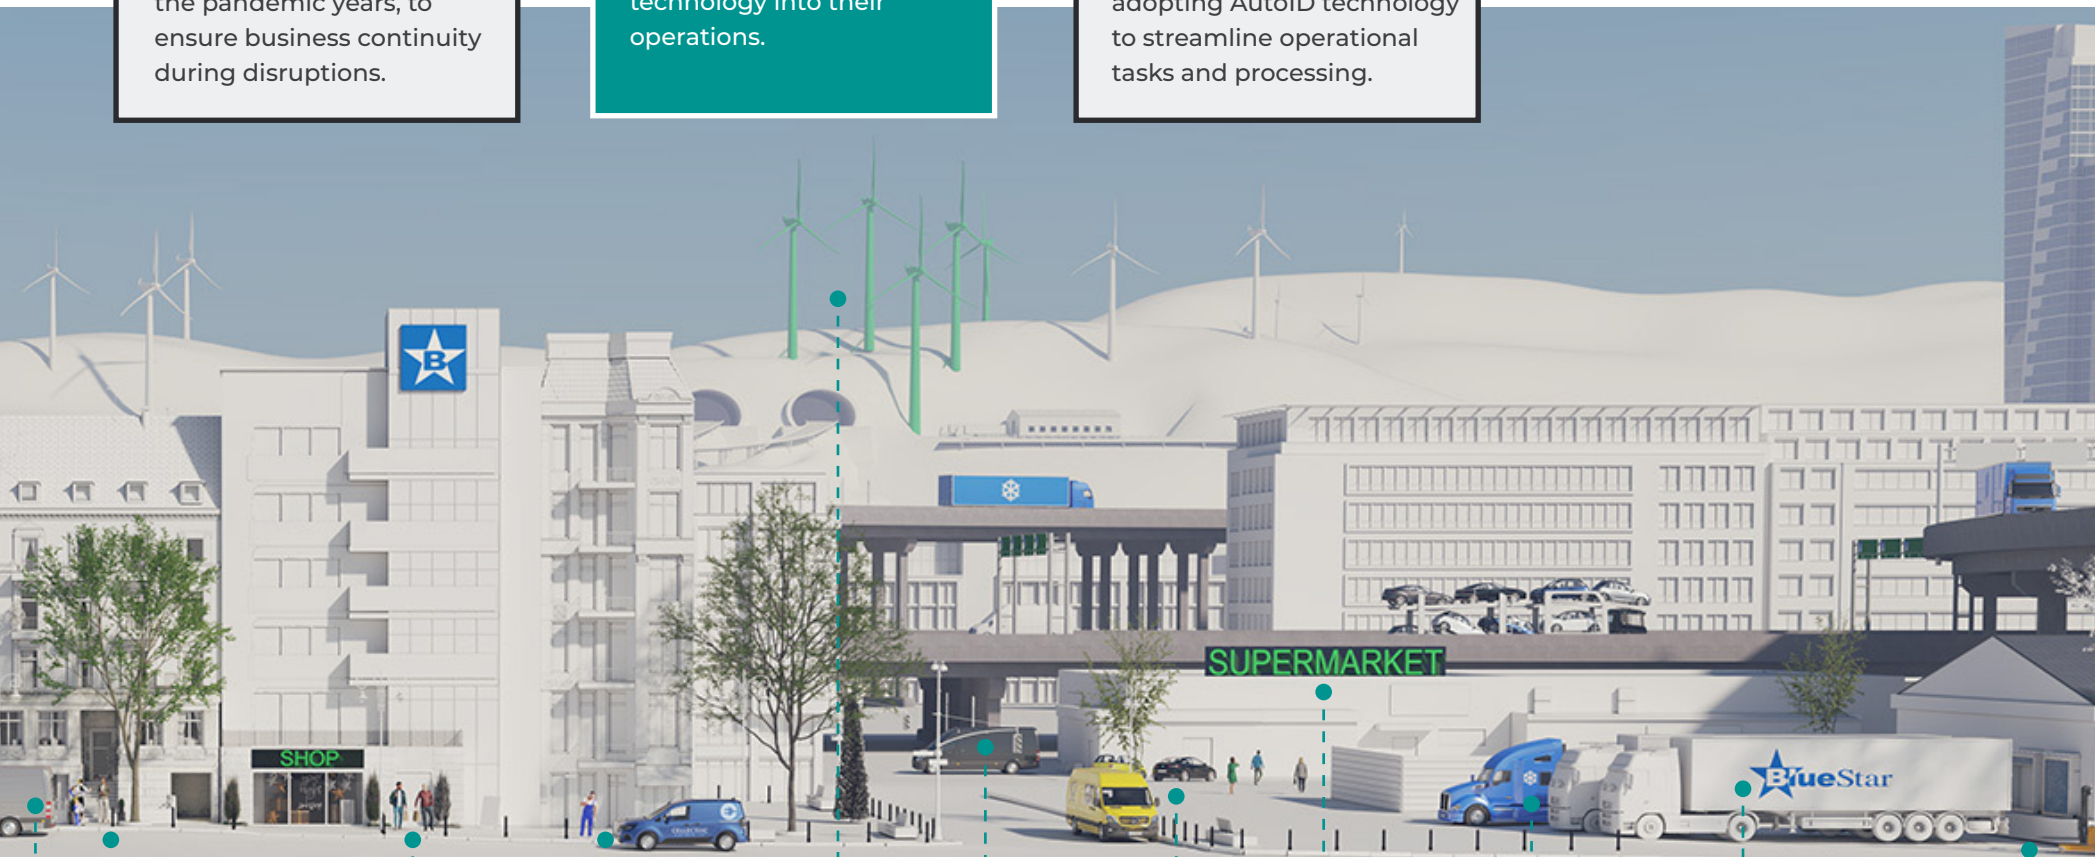

is the increase in **mobile technology adoption** after the pandemic years, to ensure business continuity during disruptions.

75%

of **logistics companies** have integrated mobile technology into their operations.

30%

is the average **cost reduction** in companies adopting AutoID technology to streamline operational tasks and processing.

Field Services

FIELD SERVICE SOLUTION

- Rugged 5G GPRS mobile computer
- 2", 3" or 4" rugged mobile receipt printer
- Push-to-Talk functionality embedded at Mobile Computer

A secure unified communication solution for mobile workers, Push-to-Talk resolves fragmented communication with enterprise-grade security for voice, text, and media messaging, plus user presence—all on one device. Add a mobile printer for a complete ultra-rugged field solution.

BOX MEASUREMENT SOLUTION

- Compact WiFi 2D scanner Mobile Computer
- BoxSize app powered by MySize

A mobile computer with the BoxSize app is an intuitive parcel measurement tool, enabling delivery companies to easily measure parcel dimensions, calculate precise shipping costs, and schedule convenient pick-up times and locations.

BLUE LIGHT SERVICE KIT

- 8", 10" or 12.5" GPS embedded rugged Tablet
- Cloud based Application
- Mobile label/receipt printer
- High-capacity battery pack for mobile devices
- Vehicle mounts for tablets and printer

Emergency Services require a reliable analysis and communication tool to tackle urgent issues. They seek a tablet that is ultra-rugged, capable of withstanding hazardous conditions, accidental drops, water, dust, dirt, and supports on-the-go printing.

FLEET MANAGEMENT

- Fleet Management Software
- GPS/5G Mobile Terminal or tablet
- Mobile printer
- Vehicle Mount for printers and terminals

Efficiently managing and tracking vehicles, optimizing routes, and ensuring timely delivery of goods.

MOBILE COMPUTERS

CUSTOM

Introducing the Custom rugged handheld computers are designed for advanced communication in various industries, including retail. The K-Ranger has a robust construction and elegant design, it can withstand falls from up to 1.5m and is IP65 certified against dust and liquids. Equipped with a scratch-resistant Dragontrail glass touchscreen, it ensures durability and reliability.

KEY POINTS:

- Durable options with IP65 rating or without for a most effective option
- Multiple connectivities such as Wi-Fi 2.4/5, 4G/ETMS/LTE DUAL SIM and Bluetooth 5.0
- Options for hot swappable battery

ACCESSORIES

CONTACTLESS, QUICK, CAREFREE

Wireless charging technology has been in use for over a decade in consumer electronic devices—specifically smartphones. This technology is now available on rugged enterprise class hand held computers and bar code scanners. The benefits of this technology are many for both the user and the enterprise. Most importantly it eliminates the #1 cause of hardware failure for rugged hand held devices.

KEY POINTS:

- Unparalleled reliability & maximum uptime: lack of contacts delivers a huge reduction in device & cradle maintenance & repairs
- Full interoperability: Qi certified devices work with any Qi wireless charger
- Future proof: rapid use expansion, so it's being built into cars & furnishings at many places

- Customizable to hold numerous combinations of devices in various arrangements
- Stadium design available to hold more devices in the same footprint
- Modern open-leaf design

[Shop Now](#)

SUPPLIES

Increasing the energy level of the printhead in your mobile printer will yield a darker image. But there's a tradeoff...the higher energy setting will drain the battery faster and result in a shorter duty cycle between charges. Optimising your printer settings to the media you use will yield the perfect balance. TSC Printronix Auto ID Genuine Supplies Expert can help.

KEY POINTS:

- Receipt/Transaction Supplies for Mobile Printer Applications
- Specialty/Custom Labels, Tags and Tickets for any Application
- Direct Thermal Linerless Media

[Shop Now](#)

You need the receipts and documents you print to last and look professional. When you choose Zebra Certified Supplies, you get that and more. Zebra papers have been carefully pre-tested, selected, and certified to deliver the best performance, durability and longevity at a price you can afford. So, your receipts not only fit your budget, but they also remain readable for their entire life.

KEY POINTS:

- Withstand the elements with the right materials, thermal resistance, thickness and top-coating
- Quality testing garante: highest-performing receipt papers are pre-tested, selected an:dcertified
- ISO 9001:2000 certified
