on supplies\*\*

For high-end manufacturers who need high registration and automation applications for small label printing, Zebra's new ZT610 600 dpi Micro Label Industrial Printer offers:

- **Higher precision** to improve small label registration.
- **Smaller label (min 6mm) peel feature** to enhance the application in automation system.
- **Expanded media compatibility** to support narrow media width to 12mm.

Discount available on up to 2x Zebra Printers and up to 4x Zebra Supplies rolls from models listed below – please consult the terms and conditions for details of eligible SKUs specifically:

Printer SKU	Description	Recommended Supplies + Ribbon	Supplies Description
